Nerstane's 2011 Sydney Supreme Semen Available Now

N318 carries the same heavy, white wool and great crimp definition as his highly proven father N4636. This exceptionally long stapled ram was very well covered with fleece wool right down to the points. The extreme depth through his flank combined with his perfect wide stance and good clean head helped to make the decision of the five judges unanimous in awarding him Best Ram of the show and then Supreme Exhibit.

N318 was the top priced sale ram in Bendigo and brought \$26,000. The successful purchasers were Beaufront Stud from Ross in Tasmania, and two Victorian Studs, Eilan Donan from Elphinstone and Mt Widderin at Skipton.

Nerstane has entered N318 in the New England Central Test Sire Evaluation for 2011.
