Charinga 975 "Billy" (CH 975) Born: 2014 Sire: Buddy 23 Dam: 100637 (x CH119)

This sire has done a fantastic job here at Nerstane. Bought in 2015 for \$20,000, "Billy" is still going strong himself, with his progeny being so correct, always standing wide with great legs. They are generally very good cutters with a distinctive bold crimp that is really well stamped.

East Mundalla (EM4 Jonty) Born: 2013 Sire: ES Jonty Dam: EM ET SS Purple Ewe

A son of the famous Jonty that was chosen to lift our woolcut and bodyweights while trying to maintain the Nerstane wool type. First cross were good and figures are terrific. Only joined to proven ET ewes now and the results speak for themselves.

While microns are a little higher than average, EM 4 sons generally have massive fleeceweights, being early maturing and always very correct.
