

NERSTANE SIRE INFORMATION (of progeny in the 2026 Sale)

Please look up any of these Sires on the MerinoSelect webpage for the details you require.

N404 (160404) Born: 2016 Sire: CH975 Dam: Nerstane ET Ewe 1019 (x N958)

This is one of Nerstane's most proven Sires with an impressive set of figures to go with him.

Some very well-known studs have used N404 along with some large commercial breeders. There have been many repeat semen orders and on property sale toppers by this Sire.

We have only used this old beauty in ET so there is only 2 sons available in this years sale.

There is semen available from this Sire.

N168 (200168) Born: 2020 Sire: N404 (x CH975) Dam: Nerstane ET Ewe 1095 (Sydney Supreme Ewe 2019)

Another highly proven ram at Nerstane N168 progeny generally have beautiful fine wools and very good WECs. They are real curve benders when it comes to the profit driving traits of micron and fleece weight.

Semen sales have been good from this ram both here and to Uruguay.

There is semen available from this sire.

N587 (200587) Born: 2020 Sire: N404 Dam: Nerstane SS Ewe 1280 (x N26)

N587 is a son of N404. He is producing progeny very similar to himself. N587 sons are usually very fine with good wools.

N314 (190314) Born: 2019 Sire: N404 Dam: Nerstane SS Ewe 1731

N314 is another highly proven son of N404. He is producing consistent progeny that are good doers, and have good wools, and good structure.

N455 (210455) Born: 2021 Sire: Sire: N315 (x CH975) Dam: Nerstane ET Ewe 1474 (x N294)

The progeny of this ram are always heavy cutting and are generally negative for WECs.

There is semen available from this sire.

N672 (210672) Born: 2021 Sire: T279 Dam: Nerstane SS Ewe 2758

N672 is a really good Sire that usually passes on his high fleece weights and very stylish wools. His progeny sold very well in last year's sale.

N342 (200342) Born: 2020 Sire: T279 Nerstane Sp Ewe 171179 (x N170)

Generally on the finer side of the Nerstane average are the progeny of this Sire. There are 5 sons in this years sale by N342 and they are all extremely negative for WEC.

Poll Sires

Poll (PP) 200067 Born: 2020 Sire: N53 Dam: Nerstane Poll ET Ewe 151102 (x B653)

Probably Nerstane's most proven Poll Sire. N67 has performed well in some leading Studs across Australia. Very good wools with deep bodies and impressive numbers are a good description of the N67 progeny.

There is semen available from this sire.

Poll (PP) N200 (190200) Born: 2019 Sire: N7 (x B333) Dam: Nerstane Poll ET Ewe 1817

We have used this ram extensively for his outstanding structure and free growing wools. These rams by N200 are such good doers showing terrific spring of rib. This ram also has an extremely dominant Poll gene and having negative WECs.

There is semen available from this sire.

The 2024 Drop Progeny Test Group's Sires
